The mystery of the Guru

It is said by great saints that knowledge of the formless and attributeless is easy, but understanding the Avatar – the form, with form is difficult... because the Avatar, the incarnation, appears just like us, like a human being, and then mind gets baffled how He can be the whole – God. And it has been said specifically in the Bhagvadgita (sanskrit recitation): “because I am in the human body, therefore fools consider me a human being”. So that takes time and that happens only through love - not understanding. Because after love God reveals His secret. Nobody can know, but He reveals. To some extent it applies to the Guru also. The deeper secret of the Guru never gets revealed without love. And when there is love, it starts getting revealed. It is the same even without having much physical contact, it starts happening... because Truth is one.

*May God purify our minds
May we have the desire to serve the world
May we not have the desire of service from the world
Remembering God,
May we be able to perform our duties well
May we find shelter at the feet of the Lord*
